

Press Release

Reverend Chresten and Bridgette Tomlin have been involved in full-time preaching and music evangelism for the past 23 years. Their travels have taken them across the nation and around the world. Reaching out to lost souls through the preaching and singing of the Gospel of Jesus Christ is their passion, as well as their mission purpose.

Chresten and Bridgette are accomplished recording artists, with numerous recording projects to their credit. Chresten's most recent solo album, *Come Home* (2018), features six original songs, with a new project due for release in late 2021. Having been raised in the fire of Pentecost, the Tomlin's know the value of living a Spirit-led life.

God has placed a call upon them to bridge the generational gap, which will propel the true Church into the future. They desire to raise up a new generation of Pentecostals, filled with the Spirit and driven by conviction. This ministry continues to see tremendous growth, as God is making a final call in this last days' harvest.

From a long-tenured ministry to the Lakota-Sioux Native Americans in Pine Ridge, South Dakota, to Saudi Arabia, and a myriad of churches and outreaches throughout the United States, God is increasing their opportunities to share the Good News! From faith to fulfillment, God is going to accomplish His call before His return.

The Tomlin's make their home in Tulsa, Oklahoma.
